

MD RIDOYANE RABBI

Master of Information Technology Student | Machine Learning | Healthcare Analytics

ridoyane.rabbi@gmail.com | +61 480 777 282

Portfolio | LinkedIn | GitHub | ORCID

Research Profile

Master of Information Technology student specialising in Data Analytics, with a BSc in Computer Science and Engineering and research experience in machine learning, healthcare analytics, non-communicable disease risk prediction, natural language processing, and sentiment analysis. Experienced in machine learning model development, data processing, statistical analysis, literature review, scientific writing, result interpretation, and data visualization. Interested in applying data-driven and explainable AI methods to healthcare and other real-world problems.

Education

King's Own Institute (KOI), Sydney, Australia <i>Master of Information Technology (Data Analytics Specialisation)</i>	Current
North South University (NSU) <i>Bachelor of Science (BSc) in Computer Science and Engineering</i> CGPA: 3.46/4.00	2024
Government Science College <i>Higher Secondary Certificate in Science</i> GPA: 5.00/5.00	2019
English Language Proficiency: Pearson Test of English (PTE), Overall Score: 65 (no band less than 63)	

Research Experience

Researcher – Machine Learning and Diabetes Risk <i>A Data-Driven Machine Learning Framework for Diabetes Risk Stratification and Epidemic Management in Bangladesh</i> Supervisor: Prof. Dr. M. Rashedur Rahman, North South University	2025
- Conducted research on a data-driven machine learning framework for diabetes risk stratification and epidemic management. - Contributed to machine learning model development, methodology, result analysis, data visualization, comparative tables, and manuscript preparation.	
Student Researcher – Undergraduate Thesis <i>Machine Learning Approach for Analyzing and Predicting Non-Communicable Disease Risks in Bangladesh</i> Supervisor: Prof. Dr. M. Rashedur Rahman, North South University	2025
- Applied machine learning and data analysis methods to investigate and predict non-communicable disease risks. - Developed skills in data processing, statistical analysis, scientific reporting, and research presentation.	
Student Researcher – Directed Research Project <i>Natural Language Processing and Sentiment Analysis of Social Media Comments: A Case Study of the July Movement 2024 in Bangladesh</i> Supervisor: Rifat Ahmed Hassan, North South University	2025
- Conducted an NLP and sentiment-analysis research project using social-media comments as the study context. - Developed experience in text-oriented data analysis, research documentation, and interpretation of analytical results.	

Publications

[1] Md. Tanvir Ann Noor Meem, Md. Mahfujur Rahman, Md. Yeasin, Md Ridoyane Rabbi, and Rashedur M. Rahman, "A Data-Driven Machine Learning Framework for Diabetes Risk Stratification and Epidemic Management in Bangladesh," *2025 28th International Conference on Computer and Information Technology (ICCIT)*, pp. 4915–4920, 2025. DOI: 10.1109/ICCIT68739.2025.11491337.

Technical and Research Skills

- Programming:** Python, C, C++, Java, SQL, Flutter
- Data Science:** Machine Learning, Data Processing, Statistical Analysis, Data Visualization
- Research:** Literature Review, Scientific Writing, Methodology Development, Result Analysis, Research Presentation
- Areas of Exposure:** Artificial Intelligence, NLP, Computer Vision, Deep Learning

Selected Coursework

Machine Learning • Artificial Intelligence • Data Structures and Algorithms • Computer Networking Fundamentals • Computer Architecture • Programming Languages

Research Interests

Healthcare and Medical Data Science; Machine Learning; Artificial Intelligence; Explainable AI; Data Analysis and Visualization; Computer Vision; Natural Language Processing; Deep Learning Algorithms.

Academic Writing and Presentation

- Contributed to research manuscripts, methodology preparation, result analysis, data visualization, and comparative tables.
- Developed literature reviews and scientific reports in machine learning.
- Presented thesis work at a Capstone Project Showcase.
